[REDACTED]

The Nursing faculty has met and unanimously support the following actions with regard to the "Z" grades received by 7 students.

The group must present themselves at the first full nursing faculty meeting on Jan 22 at 3pm.

The entire group must make an appointment with the CEO of Christian Health Care within the first two weeks of class and present an apology and their accountability for the unprofessional behavior, and the disregard for the Christian Health Care Code of Behavior, which all of the group signed.

ALL videos on the now private TIC/TOC account that involve Ramapo students or classrooms must be removed.

Any student in this group who may be eligible for induction into Sigma Theta Tau (International Honor Society of Nursing) will not be endorsed for membership by the faculty

Any further unprofessional behaviors (*Nursing Programs Student Handbook* pp.10-17) may be grounds for dismissal.

The ICS III grades will be restored.
